**DIRECT TO SHAPE FLATBED UV PRINTER**

The New X5 is the fastest, most industrial direct-to-shape UV inkjet printer on the market today. Featuring a heavy industrial design, large vacuum table, up to four Ricoh Gen 5 print heads, the X5 is able to print flats and hard goods up to 6" in height.

Ideal for full color on demand printing, the X5 helps users lower their cost, provide faster response to customers and handle smaller run quantities with customization.

Any company who is serious about production and is looking for high throughput, superior print quality, 24-7 machine reliability and industry-best technical support – then the X5 printer is the perfect fit. Utilizing the latest in print head technology, the X5 flatbed UV printer can decorate a bed size of 41.5" x 24.0" (1,050mm x 610mm) in 2 minutes (bi-directional) while offering unparalleled print quality in full CMYKWW and optional Varnish.

**IDEAL FOR PRODUCTION ON:**

**STANDARD FEATURES**

- 1200 x 1200dpi
- 41.5" x 24.0" (1,050mm x 610mm) vacuum table
- Up to 6.0" (150mm) part height
- LED UV curable ink - CMYKWW (optional V)
- Uni- and Bi-directional printing
- High speed computer, RIP software and stand
- Bulk ink supply
- LED UV air cooled lamps
- Automatic print head maintenance module
  - purging, wiping and capping
- Automation Ready

**STANDARD LIMITS**

Maximum Print Area.....	41.5" x 24" (1,050mm x 610mm)
Ink palette.....	Cyan, Magenta, Yellow, Black, White, Varnish
Maximum resolution.....	1200dpi
Compatible software.....	Adobe Illustrator, Adobe Photoshop, CorelDraw
Computer.....	Industrial PC, Monitor, and stand loaded with the latest ColorPRINT RIP software
Connectivity.....	USB 2.0

**POWER REQUIREMENTS & DIMENSIONS**

Voltage .....	220 VAC, Single Phase, 4 AMP
Dimensions (L x W x H).....	100" x 52" x 55.25"
Approximate weight net/crated (lbs.).....	2,094 / 2,194
Crated (L x W x H).....	110" X 65" X 69"

LWH - Length, width, height IPH - Impressions per hour
