PRINT ON ITEMS UP TO 20" TALL.

The X5-T is the fastest and tallest industrial direct-to-shape UV inkjet printer on the market. Printing on items up to 20" tall has never been easier. Featuring a heavy industrial design, large vacuum table, up to four Ricoh Gen 5 print heads, the X5-T can print tall flat and hard goods such as coolers, sports balls, lockers and so much more! The X5-T is ideal for full color on demand printing to help lower costs, providing faster response to customers and handling smaller run quantities with customization.

The X5-T flatbed UV printer is capable of decorating a bed size of 41.5" x 24.0" (1,050mm x 610mm) in 2 minutes (bi-directional) while offering unparalleled print quality in full CMYKWW and optional Varnish. In addition to its superior quality, this industrial work-horse boasts 24/7 machine reliability. The X5-T is paired with best-in-industry technical support.
